SUMMARY

Results-driven **Java Full-Stack Developer** with **1 year and 3 months** of experience as a **Consultant at Genpact**, specializing in **Java, Spring Boot, SQL, React.js, and Cloud Technologies**. Passionate about **building scalable applications, optimizing backend performance, implementing security best practices, and enhancing user experience**. Strong expertise in **RESTful APIs, database optimization, and full-stack development**.

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL

Web Technologies: HTML, CSS, JavaScript, React.js

Frameworks: Spring Boot, Spring MVC, PowerBI, Flask

Development Tools: Github, Eclipse, VS Code, Intellij, Postman

Cloud and Data Analytics: AWS, Power BI, SQL-based analytics

Testing Frameworks: Junit

PROFESSIONAL EXPERIENCE

Java Full Stack Developer   Jan 2024 – Oct 2024
Technologies Used: Java, Spring Boot, Spring MVC, React.js, SQL   *Genpact, Bangalore*
- Developed and maintained scalable RESTful APIs using Spring Boot and Spring MVC, ensuring seamless backend-to-database communication.
- Designed and optimized SQL relational databases, improving query efficiency and ensuring data integrity.
- Collaborated with business analysts and stakeholders to translate technical requirements into high-performance application features.
- Worked closely with QA teams to identify and resolve issues, ensuring application stability and reliability.

Key Achievements:
- Optimized backend queries, reducing response time by **25%** and improving overall system efficiency.
- Successfully delivered a full-stack solution within project timelines, aligning with client business objectives.
- Implemented security best practices, reducing potential vulnerabilities in the application.

PROJECTS

Internship Program Manager
Technologies: Java, Spring MVC, MySQL, JSP
- Developed a full-stack Java MVC application to manage internship programs, including batch handling and trainer assignments.
- Integrated CRUD operations and role-based access control, enhancing security and data management.
Github: Internship Program Manager

Flipkart Sales Analysis
Technologies: Power BI, SQL, Data Analytics
- Built an interactive dashboard using Power BI, analyzing Flipkart sales trends, customer segmentation, and product performance.
- Optimized SQL queries for efficient data extraction, reducing report generation time.
Github: Flipkart Sales Analysis

Pybot
Technologies: Flask, DialoGPT, HTML/CSS, JavaScript
- Developed an AI-powered chatbot with Flask and DialoGPT for real-time conversation processing.
- Integrated AI-based responses, improving chatbot accuracy and user engagement.
Github: Pybot

EDUCATION

M.Kumarasamy College of Engineering   2019 – 2023
B.E. in Computer Science   *GPA: 8.579*

Bharathi Higher Secondary School   2019
HSC   *Percentage: 82.33*

Bharathi Higher Secondary School   2017
SSLC   *Percentage: 96.6*

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- ADM-Java Beginner Certification (Genpact)
- Generative AI Introduction
- Data Analytics with Power BI, Excel, SharePoint

BOOKS PUBLISHED

Kodakshamana - A Virtual Reality coding competition
